

16<sup>th</sup> of September, 2016

Dear Parents,

As already mentioned, we are going to host 19 pupils from the German School in Kiev and from the sportlich-musikalischen Gymnasium Dr. Rahn & Partner in connection with our “Volksmusik“ project and they are going to arrive on Sunday(18.9.)/Monday (19.9.).

The pupils will be participating in some lessons together with our Volksmusik Group, making music in different workshops and going on excursions, where they will be learning about Ghanaian(music) and culture. For all pupils who are not part of the Volksmusik Group, lessons will be in session as usual.

As already announced during our last Monday Ritual, we are going to welcome our guests officially on Monday, 19.9.2016 on the basket ball court. You are warmly welcome to this event. The highlight of this visit is going to be the concert on the 22<sup>nd</sup> of September, 2016 and the entire school community is invited to participate in this event-please take note of the invitation on the notice board.

Yesterday, our *kulturweit*-intern, Theresa Bäuerle arrived in Accra. She is going to stay with the GSIS-Accra for the entire academic year and is going to support us in the Early Childhood Department as well as in school. You will find her portfolio on the movable pin wall on Monday. I would like to wish you a nice weekend.

Best regards,

Ariane Pentz
