

Accra, November 15th, 2017

Dear Parents,

I would like to once again say thank you to all those who actively supported us during the lantern walk this year. It was a successful celebration in a very nice atmosphere.

Personnel

We have been able to employ a new kindergarten teacher to replace Nina. Her name is Myriam Tumay. She is currently working at the German School in Nairobi. She will begin working with us on 08.01.2018. Her profile is available on the notice board. We have also been able to find a teacher to take Victoria Dzandza's position. We will be observing a lesson and then still have to clarify some details in the contract, but it looks very promising. The German pre-school group will be taken by Joana Piper-Agbovi and Angela Nagel. From February 2018, the maternity cover for the Dragonfly group will be Paloma Moreneo and an intern.

Class trips

During the week starting on 27.11.2017- 30.11.2017, classes 1-9 will be going on class trips and excursions. You will receive more detailed information from the respective class teachers.
